I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I **OBJECT** to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: By being able to get my compounded medication, I no longer have the constant constipation and irregular menstrual cycles that I once had. This is VERY IMPORTANT to me. These were debilitating to me. Now, my life is much easier. Please do not take away my ability to get my prescription from an out-of-state pharmacy, whose purpose is to help those of us with difficult situations.
